EDUCATION	Technical University of Berlin , Master of Science Information Systems Management	10/2019 – Exp. 07/2022
	Technical University of Berlin , Bachelor of Science Business Informatics	10/2014 – 07/2020
SELECTED WORK EXPERIENCE	Harvard University , Student Research Assistant Advisors: Prof. Himabindu Lakkaraju, Prof. Chiara Farronato	07/2021 – Today
	Humboldt Institute for Internet and Society , Student Researcher Advisor: Prof. Christian Katzenbach	11/2020 – 07/2021
	The European Commission - Joint Research Center , Student Research Assistant Advisors: Prof. Carlos Castillo, Valerio Lorini	07/2019 – 12/2019
	Max Planck Institute for Software Systems , Research Intern Advisors: Prof. Krishna P. Gummadi, Prof. Asia J. Biega	08/2018 – 11/2018
	TU Berlin, Chair of Complex and Distributed Systems , Student Assistant Advisors: Prof. Carlos Castillo, Dr. Meike Zehlike	01/2018 – 05/2019
	M&H Group Novedia AG , Software Development Intern	08/2017 – 10/2017
	TU Berlin, Chair of Marketing , Research & Teaching Assistant Advisors: Prof. Katrin Talke, Dr. Florian Waldner	10/2016 – 12/2017
	Coca-Cola Europe, Knowledge, Insights & Planning , Working Student	03/2015 – 06/2016

WORKING PAPERS

1. Sühr, T., Jabbari, S., Lakkaraju, H.
Investigating the Trade-offs between Transparency, Fairness and Accuracy
2. Sühr, T., Lakkaraju, H., Farronato, C.
Measuring the Impact of Model Explanations on Doctors' Diagnostic Performance
3. Sühr, T., Lakkaraju, H., Farronato, C.
The Impact of Biased Ad-Delivery Algorithms on Product and Organization.

INVITED TALKS **"Fairness Preserving Interfaces for Rankings"**, FU-Berlin, 2020

"Two-Sided Fairness for Repeated Matchings in Two-Sided Markets: A Case Study of a Ride-Hailing Platform", The Science Platform Sustainability 2030, Berlin, 2019

"Two-Sided Fairness for Repeated Matching Markets", TU Berlin, 2019

PRESS & SERVICES

Online Article: "Employer Bias" (working title), to appear in Harvard Business Review (2021)

PC Member: BIAS@ECIR (2022), Reviewer: PLOS-ONE Journal (2021)

AWARDS

Audience Award Research to Market Challenge (2020)

Won community award out of 50 teams in a business plan challenge about applying research to new business ideas.

Digital Platforms Award Research to Market Challenge (2020)

Won second prize out of 30 teams in a business plan challenge by working with 5 other team members on a platform that matches local stores with new product manufacturers under fairness constraints.

ACM SIGKDD Student Travel Award (2019)

Selected as one of 170 students to receive funding by the ACM network for attending the the 25th ACM SIGKDD Conference on Knowledge Discovery and Data Mining for promising newcomer researchers.

SELECTED SKILLS

Programming Languages: Python, Java, Javascript, HTML+CSS
Machine Learning Frameworks: PyTorch, Scikit-learn
